Rules and Requirements

Attendance and punctuality

- Students must attend class regularly and login on time. The teacher will maintain an attendance record for every session.
- *Any student that shows up to class after 8.15 am will be marked "Late". Two instances of "late" will be counted as "absent"*
- *Any student that is absent must provide a valid reason to the teacher with documentation.*
- *Any student that is absent for 2 or more days without a valid reason may be suspended from the course. A note from the student's parent will be required before the student can return to class.*

Other requirements

- All students **MUST** have their cameras turned on and their face must always be visible. If a student enters the live classroom with their camera turned off, he or she will be placed in the virtual waiting room. During the class, if the student's face is not visible, he or she will also be placed in the virtual waiting room. Students may re-enter the class when their camera is turned on.
- Students must join the live classroom with a computer. Students that join the class with a cell phone will be placed in the waiting room.
- Any time spend in the waiting room will not be counted as instructional time.

Submitting Assignments

- *Students are expected to hand in the assignments before the end of every Tuesday. Submissions that are submitted after Tuesday will not be graded. A grade of zero is automatically awarded.*
